

DIGITAL APPRENTICESHIPS

WOULD YOU LIKE A
CAREER IN THE
CREATIVE DIGITAL
MEDIA INDUSTRIES?

The new Digital Apprenticeship programme will be launched in April 2010. We are running a Digital Apprentice Gateway course to recruit candidates for it. If you are between 18 and 24 years old and do not have, or are not currently studying for, a degree, you can apply. If you are already working in digital media and want extra training and a qualification diploma you can still apply.

Go to www.imthhurricane.org for full details and to complete our online application form, or email mattottewill@imthhurricane.org with your questions.
